Sprint 3

Goals

The goal of Sprint 3 is to deliver

- Dashboard
 - Patient
 - Doctor
- Doctor
 - Registration
 - Login
 - Booking
- Chat
 - Design
 - Stagnant chat page (no TWILIO integration)
- Invoice
 - Design
- UX
 - Navigation refinement

Target deliverables

- Workflow flowchart for Navigation
- Invoice Design document
- Chat design document
- Complete web page URL for patient and doctor
 - Dashboard
 - Registration
 - Login
 - Booking

Sprint 4

Goals

The goal of Sprint 4 is to deliver

- Chat
 - Front end integration with Twilio
 - Patient
- Invoice
 - Patient

Target deliverables

- Complete web page URL for patient
 - Chat
 - Invoice

Sprint 5

Goals

The goal of Sprint 4 is to deliver

- Chat
 - Front end integration with Twilio
 - Doctor
- Invoice
 - Doctor

Target deliverables

- Complete web page URL for Doctor
 - Chat
 - Invoice
- Full suite of documentation
 - Project Scope
 - Project Diary
 - Work flow

Final deliverables

- URL
 - Widget
 - Landing Page
 - Dashboard
 - Doctor
 - Patient
 - Manage Registration
 - Doctor
 - Patient
 - Manage Login
 - Doctor
 - Patient
 - Manage Booking
 - Doctor
 - Patient
 - Manage Chat
