Sprint Increment Report

Dear MR Alessio Bonti,

We look forward to reporting the progress of this sprint. We have captured the following points to update you on how things are going and if we have encountered any hurdles in our execution.

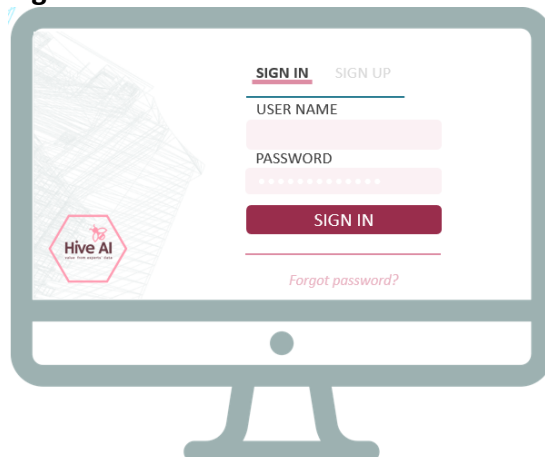

This recent sprint focused on creating the story and work flow of the prototype as well as creating the shell of the website and the coming sprint will focus on creating the registration and login pages as well as the ability to allow the patient and the doctor to manage bookings.

Outcome(s) of this Sprint:

- **Produce workflow for prototype**
- **Schematically depict**
 - **Registration**

- **Login**

- **Booking**

Activities this Sprint:

- Research current trend in telehealth
- Research the platforms used for chat (TWILIO)
- Create Flowcharts of processes
- Create Design document for website
- Create website with bootstrapping
- Create Documentation
 - Project Scope
 - Project Diary
 - IP Agreement
 - Create GitHub repository
 - Create Trello Scrum board
 - Create PowerPoint presentation

Activities that will occur next Sprint:

- Front end development of website
 - Landing page
 - Registration
 - Login
- Back end development
 - Create the tables that will hook up with what has been developed by front end
- Design Booking and chat functionality
- Refine Flowcharts of processes
- Edit and refine Design document for website
- Edit documentation
 - Project Scope
 - Project Diary

- IP Agreement
 - Create GitHub repository
 - Create Trello Scrum board
 - Create PowerPoint presentation
-

Please let us know if you have any questions.

Sincerely,
Team *HIVE AI*
